

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.15 Service Extension

The Volume Option for a Service Extension must be less than or equal to the Channel Termination Volume Option specified by the customer for the MegaLink Custom Service being extended.

MegaLink Custom Service with Loop Redundancy or Serving Wire Center and Facility Redundancy can be extended with a Service Extension. However, the Service Extension cannot be equipped with a SecureNet option.

MegaLink Custom Service with Hub Redundancy cannot be extended with a Service Extension. Likewise, an existing MegaLink Custom Service with a Service Extension cannot be equipped with a Hub Redundancy option.

20.4.16 Facility Hubs

The Telephone Company will commence billing the monthly rate for the facility to the hub on the date specified by the customer on the Access Order. Individual services utilizing these facilities may be installed coincident with the installation of the facility to the hub or may be ordered and/or installed at a later date, at the option of the customer. The customer will be billed the appropriate MegaLink Custom Channel Termination, Interoffice Mileage (when applicable) and the Multiplexer rates at the time the facility is installed. Individual service rates (by service type) will apply for a Channel Termination and additional Channel Mileage (as required) for each channelized service.

When cascading multiplexing is performed, whether in the same or a different hub, a charge for the additional multiplexing unit also applies. When cascading multiplexing is performed at different hubbing locations, Interoffice Mileage charges also apply between the hubs.

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.17 Connecting Facility Assignment Credits

(N)

Connecting Facility Assignment (CFA) Credit is an option available to customers of MegaLink Custom Services who allow the Telephone Company use of their channel terminations for the provision of Special Access High Capacity (DS1) channel terminations to other Telephone Company customers. With CFA Credits, the Telephone Company will provide a credit to the customer of the MegaLink Custom Service for the use of their DS3 channel termination and associated DS3 to DS1 multiplexer. The Telephone Company will bill the customer of the DS1 service for the DS1 Channel Termination so provided.

CFA Credits will expire December 31, 1995. When the CFA Credits do expire, CFA Credit arrangements will be eliminated and billing for the entire DS3 channel termination will revert back to the customer of the MegaLink Custom Service.

The following terms and conditions apply to all CFA Credit Arrangements.

- (A) The Access Customer Name Abbreviation (ACNA) for the Special Access High Capacity Customer must be different than the ACNA for the customer of the MegaLink Custom Service.
- (B) Requests to establish or discontinue a CFA Credit will be accepted only from the customer of the MegaLink Custom Service.
- (C) When requesting a CFA Credit, the DS3 customer must provide the Telephone Company with information sufficient to correctly establish billing for a DS1 channel termination. This includes the CFA of the DS3, the DS1 customer's name, and the channel assigned to that customer. The Telephone Company will work cooperatively with the DS3 customer to identify the DS1 customer(s). However, if the DS3 customer cannot or will not provide the required information, CFA Credits will not be established.

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.17 Connecting Facility Assignment Credits (Cont'd)

(N)

- (D) The Telephone Company and the DS3 customer must also agree to work cooperatively to maintain accurate customer records of any CFA Credit arrangements. The customer records which must be jointly maintained are:

- connecting facility assignments by DS1 customer and
- additions, moves or deletions of DS1 customers onto or off of the DS3 channel termination.

If the Telephone Company and the DS3 customer cannot work cooperatively to maintain these customer records, additional CFA Credits will not be established.

- (E) CFA Credits can be established on Special Access DS3s for Special Access DS1s only. In addition, if channels become vacant subsequent to the establishment of a CFA Credit (e.g., the DS1 customer disconnects service), the CFA Credit will be eliminated.
- (F) In any month, the total CFA credits for any MegaLink Custom channel termination shall not exceed 100 percent of the combined monthly charges for the MegaLink Custom channel termination and its associated DS3 to DS1 multiplexer.
- (G) After the DS3 customer has requested a CFA Credit on an existing MegaLink Custom Service, and the Telephone Company and the DS3 customer have reached agreement that sufficient information has been identified to accurately initiate or modify the CFA Credit arrangement, within five business days of the date of reaching such agreement, the Telephone Company will send the DS1 customer via U.S. Mail a 30-day advance written notification before allowing the CFA Credit arrangement to become effective.

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.17 Connecting Facility Assignment Credits (Cont'd)

(N)

- (H) The Telephone Company will only remove a DS1 customer from the CFA Credit arrangement at the request of the DS3 customer or because the DS1 customer has disconnected service or moved service to a different transport facility. The DS3 customer must give the Telephone Company 14 days advance written notification of any request to remove a DS1 customer from the CFA Credit arrangement.
- (I) In the event a billing dispute is initiated by a DS1 customer, the Telephone Company will negotiate with the DS1 customer as set forth in 2.5 (Billing Regulations).
- (J) The Telephone Company will accept requests to disconnect the DS3 service only from the customer for the MegaLink Custom Service. So that DS1 customers using the DS3 channel termination will have the opportunity of continuing service without disruption, the DS3 customer is responsible for notifying all DS1 customers of the disconnection.
- (K) The credit to be applied for each DS1 channel termination using the DS3 channel termination is set forth in 20.5.1 (MegaLink Custom Service). Charges for DS1 service are set forth in 7.3.10 (High Capacity Service).

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.18 Temp-DS3 Service

(S)

Temp DS3 service is provided for customers who require a
MegaLink Custom Service for a short duration of time (less
than 12 months), such as a trade show or convention.

(S)

(T)

(T)

Temp-DS3 is provided where facilities and equipment are
available and is subject to billing in full month
increments. These rate elements will all carry 30 day
minimum periods and a maximum period of 11 months. No other
rate elements, except as listed herein, are available for
use with Temp-DS3 service. Temp-DS3 is only available with
Volume Option 1.
